

**Our mission is to empower women to build skills,
confidence, and connections**

WHO WE ARE

Our mission is to create a supportive and inclusive space where women can come together to learn new skills, build confidence, and form meaningful connections. We offer a variety of workshops and activities, ranging from woodworking and home maintenance to creative projects and social gatherings. Our aim is to empower women through practical learning and community engagement, fostering a sense of belonging and wellbeing.

OUR ACTIVITIES

Until we find a permanent home, we are events-based, collaborating with local facilitators to deliver workshops on woodworking, home and car maintenance, and creative projects. We also host non-tool activities like coffee catch-ups, interest groups, and guest speakers.

FROM THE COMMUNITY

"The shed will offer a safe space to learn new skills and make new friends."

"I'm looking forward to being part of a community that encourages socialising and connection, especially as making friends can be harder as we get older."

"A wonderful opportunity to feel useful and be around like-minded women."

*Based on feedback from 114 women who participated in our survey conducted in March 2024

OUR STORY

Subiaco Women's Shed was founded in September 2023 by Emma Rudd, who quickly garnered the interest and support of the Subiaco community. Just six months later, we proudly incorporated as a not-for-profit organisation with a dedicated committee of seven, led by our Chair, Kahli Rogers. A Community Development Grant from the City of Subiaco kickstarted our preparations to launch in August 2024.
